Price: **€51.00** gross

Manufacturer: Klemp

Referention number: MDD346F

Information:

The Wall Strip MDD346F is a flexible decorative profile designed for an aesthetic finish on walls. Thanks to Flex technology, it adapts to surfaces with non-standard shapes, including curves and protrusions. The waterproof material prevents moisture absorption, making it suitable for use in humidity-prone areas such as bathrooms and kitchens. UV resistance protects against yellowing and cracking due to prolonged exposure to sunlight. The MDD346F strip features a dedicated space for concealing wires and electrical installations. It can be painted with solvent-free paint after installation.
