Price: **€8.00** gross

Manufacturer: Klemp

Referention number: MD002-10

Information:

The MD002-10 corner unit is a decorative element made from profoam material, known for its lightweight, moisture resistance, and durability against mechanical damage. It is designed to create wall frames in combination with the MD002 molding – its dimensions of 15.4 × 15.4 × 4 cm allow for an aesthetic and precise connection of these two components. Installation is done using adhesive for moldings, with no need for specialized tools. The corner unit's durable geometry enables its use in both classic and modern arrangements, providing a lasting and professional finish for wall surfaces.

Product features

Material	PolyForce
