Information:

The MDD308-11 corner unit is a decorative finishing element designed for the MDD308 molding. Made from lightweight and waterproof ProFoam material, it boasts high resistance to UV radiation, preventing yellowing and crumbling from light exposure. The precise floral motif decorations allow for the creation of elegant interior arrangements. Factory-coated with a smoothing primer, it can be painted with water-based paints. Suitable for use in moisture-prone areas such as bathrooms and kitchens, it is easy to install using adhesive.
