Referention number: MDD332-11

Information:

The MDD332-11 corner unit is designed for decorative finishes on wall frames. Compatible with the MDD332 molding, it ensures an aesthetically pleasing connection without visible joints. Made from lightweight ProFoam material, it is resistant to moisture and UV radiation, making it suitable for installation in sunny and humid spaces. The surface is primed and ready to be painted with water-based paints. Its low weight allows for installation not only on walls but also as a decorative element for furniture, picture frames, or mirrors.
