Information:

The MDD332-13 corner unit is a decorative finishing element with a curved shape, designed to create aesthetically pleasing wall frames. It is intended for use with the MDD332 molding. Made from lightweight and durable ProFoam material, it is resistant to moisture and UV radiation. It can be used in areas exposed to water, such as kitchens and bathrooms. It does not yellow or deform even after prolonged exposure to sunlight. The unit is coated with a smoothing primer that makes painting easier and enhances color durability. It is recommended to use water-based paints.
