Information:

Rosette B3038 is a ceiling decorative element made from polyurethane, resistant to moisture, UV radiation, and minor mechanical damage. It is designed for installation on ceiling surfaces as a cover for installation points or as a fixture for hanging lamps. Its minimalist design features a smooth surface and delicate rings in the central part and around the perimeter, making it suitable for both modern and classic interiors. The surface is factory-prepared for painting with any type of interior paint. Installation is done using adhesive recommended by the manufacturer, without the need for specialized tools.
