Price: **€215.00** gross

Manufacturer: Klemp

Referention number: C1002-1W

Information:

The C1002-1W column cap is a decorative element designed to aesthetically finish the upper part of an indoor column. Made from high-quality plastic, it is resistant to moisture, UV radiation, and minor mechanical damage, making it suitable for use in both private and commercial spaces, including offices, service outlets, and public buildings. Its waterproof construction allows for installation in high-humidity environments as well. Installation is tool-free—simply use adhesive recommended by the manufacturer. The product can be painted with water-based paints, allowing for easy customization to match your interior color scheme.
