Price: **€100.00** gross

Manufacturer: Klemp

Referention number: C5000-4W

Information:

The C5000-4W column base is a decorative element designed for installation at the base of an interior column. Made from advanced ProFoam material, it is highly resistant to moisture, UV radiation, and minor mechanical damage, making it suitable for use in residential, commercial, and public spaces. Its classic design features rounded surfaces and embossing, allowing it to integrate seamlessly with a variety of interior styles—from traditional to modern. With dimensions of 24 x 13 x 24 cm, it facilitates easy fitting and installation, which can be done through adhesive application without the need for specialized tools.
