Price: **€116.00** gross

Manufacturer: Klemp

Referention number: C5001-4W

Information:

The C5001-4W column base is designed for creating classic column compositions in residential, commercial, and public interiors. Made from ProFoam material, it is resistant to moisture, UV radiation, and minor mechanical damage, ensuring durability and a pristine appearance in demanding conditions. With dimensions of 28 × 14.5 × 28 cm, it fits standard column shafts. The element comes factory-primed and is ready to be painted with water-based paints. Installation using adhesive does not require specialized tools or advanced skills.

Product features
