Price: **€439.00** gross

Manufacturer: Klemp

Referention number: C4000W

Information:

The C4000W column is designed for indoor use as a decorative element in plaster systems. It features a smooth shaft with no embellishments. Made from ProFoam material, it is characterized by high durability and moisture resistance. The surface is factory-primed, making it ready for painting with water-based paints that contain no solvents. Installation is done using adhesive, with no need for specialized tools.
