Information:

Pilaster D1518 is a decorative element designed for enhancing fireplaces, alcoves, doors, and windows. Made from a lightweight and durable ProFoam material, it is resistant to moisture, mechanical damage, and UV radiation. The surface is coated with a primer that enhances the adhesion of water-based paints, allowing for color customization to match your interior design. The raised stripes with rounded edges add a decorative touch. Installation is quick and secure using adhesive recommended by the manufacturer. It is deformity-resistant and maintains dimensional stability, even in conditions of elevated humidity.
