Price: **€136.00** gross

Manufacturer: Klemp

Referention number: D2531

Information:

The D2531 door portal is a decorative molding made from polyurethane, resistant to moisture and minor mechanical damage. It features a rectangular shape with a stepped design and a relief of regular rectangles, giving the interior a classic appearance. It is designed for installation with pilasters and moldings, creating a cohesive decoration. Installation is done using the recommended adhesive. The surface is prepared for painting with water-based paints free of solvents. Suitable for rooms with elevated humidity levels.
