Price: **€79.00** gross

Manufacturer: Klemp

Referention number: D3003

Information:

The D3003 pilaster base is designed for the elegant finishing of door openings in conjunction with a pilaster. Its classic design features an ornamental pattern with embossed rectangles in the central part, making it suitable for retro, classic, and modern interiors. Made from a durable ProFoam material, it is resistant to water, UV radiation, and minor mechanical damage. With dimensions of 28.8 × 64 × 6 cm, it ensures proportional fitting for most pilasters. Ideal for installation in residential and public spaces, it does not require specialized tools – we recommend securing it with mounting adhesive.

Product features
