Information:

The D3542 pilaster cap is a decorative wall element made from ProFoam material, known for its resistance to moisture, UV radiation, and minor mechanical damage. As a result, this product does not yellow, deform, and maintains its original appearance for a long time. Its classic design featuring raised squares makes it suitable for both antique, retro, and modern decor styles. It can be used in residential as well as commercial spaces, such as offices, hotels, and restaurants. Installation requires the use of the manufacturer's recommended adhesive, ensuring durability and an aesthetic finish.
