Price: **€86.00** gross

Manufacturer: Klemp

Referention number: QL036T

Information:

The QL036T curtain rail is designed to conceal curtain tracks, with an option to install LED strips thanks to the LightGuard® technology, ensuring even light distribution without gaps. Made from PolyForce material, it is resistant to scratches, deformation, and discoloration. With dimensions of 200 × 14.8 × 4.6 cm, the profile is moisture and UV resistant, making it suitable for bright and humid rooms. A large adhesive surface ensures stable ceiling mounting, while the ability to cut allows you to customize the rail to your specific design needs. Cleaning can be done with a dry or damp cloth.

Product features
