Information:

The aluminum single curtain track S100 is designed for mounting curtains or drapes in a sliding system. This 100 cm long track is made of aluminum and features a powder-coated white finish, making it corrosion-resistant and visually appealing. It offers ceiling installation with two ceiling brackets, secured with white end caps. The set includes 13 clips for attaching fabric, a stop to limit fabric movement, and mounting dowels with screws. It can be joined at a 90° angle using a dedicated curve. Compatibility with curtain covers allows for an aesthetically pleasing concealment of the track.
