Price: **€27.00** gross

Manufacturer: Klemp

Referention number: S150

Information:

The Aluminum Single Curtain Track S150 is a functional system for mounting curtains or drapes. The 150 cm long profile is made of aluminum and coated with a durable white powder finish. The ceiling-mounted design allows for an effect of curtains falling from the ceiling to the floor. Included in the package: 3 mounting brackets, 3 cover caps for the brackets, 2 end caps, 19 clips or hooks (your choice), 3 mounting dowels, and a track stopper to limit fabric movement. The profiles can be connected using a dedicated connector, and arcs can be added for corners. The aluminum profile can be cut to the desired length.
