Price: **€26.00** gross

Manufacturer: Klemp

Referention number: LUK_SZYN_KARN

Information:

The 90° aluminum curved curtain track is designed for guiding curtains and drapes around room corners. Made from durable aluminum with high resistance to deformation, it allows for a smooth transition of the track at a right angle. The sleek surface ensures an aesthetic match with modern interiors, and the arc design allows for easy and quick installation, even in hard-to-reach places. Compatible with ceiling track systems, it facilitates the creation of complex arrangements without compromising functionality.

Product features

Material	Aluminium
Colour	White
Recommended use	For joining curtain rails in corners
UV Resistance	Tak
Yellowing Resistant	Tak
Kapazität	8kg/1m
