Price: **€3.00** gross

Manufacturer: Klemp

Referention number: 1D2-V20-X1-5-CM

Information:

The straight connector / extender / coupler - 1D2 V20 X1.5 CM is a structural component designed to join profiles measuring 20x20x1.5 mm. Made from glass fiber-reinforced polyamide PA6 with a metal core, it offers high mechanical strength and resistance to environmental conditions. It features one axis and two sockets, allowing for a stable connection between construction elements. The 2 mm wall thickness enhances the durability and load capacity of the component. Its black color and compact design (0.1 kg) facilitate easy installation and aesthetic integration into the system.

The size of the discount

| Quantity | Discount | Spare |
|----------|----------|---------------|
| 10 | 2% | above €0.60 |
| 20 | 5% | above €3.00 |
| 100 | 15% | above €45.00 |

Product features

| | |
|------------------|--|
| Material | Polyamide PA6 - glass fiber reinforced |
| Colour | Black |
| Wall thickness | 2 mm |
| Type | Extension piece |
| Mounting method | By plug, using a rubber hammer |
| Matching profile | 20x20x1,5 mm |
| Number of axes | 1 |
| Number of slots | 2 |
| Core | With metal core |
