Price: **€3.00** gross

Manufacturer: Klemm

Referention number: 1D2-V20-X1-5-CM

Information:

The straight connector / extender / coupler - 1D2 V20 X1.5 CM is a structural component designed to join profiles measuring 20x20x1.5 mm. Made from glass fiber-reinforced polyamide PA6 with a metal core, it offers high mechanical strength and resistance to environmental conditions. It features one axis and two sockets, allowing for a stable connection between construction elements. The 2 mm wall thickness enhances the durability and load capacity of the component. Its black color and compact design (0.1 kg) facilitate easy installation and aesthetic integration into the system.

Dimensions: D - 5mm; E - 45mm; F - 45mm

The size of the discount
