Price: **€3.00** gross
Manufacturer: Klemp

Referention number: 1D2-V20-X1-5-CM

## Information:

The straight connector / extender / coupler - 1D2 V20 X1.5 CM is a structural component designed to join profiles measuring 20x20x1.5 mm. Made from glass fiber-reinforced polyamide PA6 with a metal core, it offers high mechanical strength and resistance to environmental conditions. It features one axis and two sockets, allowing for a stable connection between construction elements. The 2 mm wall thickness enhances the durability and load capacity of the component. Its black color and compact design (0.1 kg) facilitate easy installation and aesthetic integration into the system.

## The size of the discount

Quantity	Discount	Spare
10	2%	above €0.60
20	5%	above €3.00
100	15%	above €45.00
500	20%	above €300.00
1000	30%	above €900.00

## **Product features**

Material	Polyamide PA6 - glass fiber reinforced	
Colour	Black	
Туре	Extension piece	
Mounting method	By plug, using a rubber hammer	
Matching profile	20x20x1,5 mm	
Number of axes	1	
Number of slots	2	
Core	With metal core
