Information:

The freestanding garden timber pergola is made of high-quality pine wood. It is a stylish and functional solution for any garden or patio. Made of durable, knotless scantlings with a cross-section of 95x95 mm, which ensure its stability and resistance to changing weather conditions. The DIY kit allows easy, do-it-yourself assembly without any specialised tools. The freestanding wooden pergola is available in untreated or impregnated versions (white, black, walnut), with customisable dimensions. It is an ideal base for arrangements with curtains, lighting, or climbing plants.
