Information:

The lean to wooden pergola is a stylish and practical patio cover, attached directly to the house. Made of high-quality pine timber (95x95 mm scantlings), available in untreated or treated versions (white, black, walnut). Robust steel fasteners ensure the durability and stability of the structure. The DIY pergola kit enables quick and easy installation without specialised tools. The pergola lends itself easily to arrangement - ideal for curtains, plants or lighting. Customisable dimensions.
