Price: **€3,133.96** gross

Manufacturer: Kee Safety

Referention number: SGPGTYAPC

Information:

The mezzanine pallet gate Kee Pivot® is a professional solution designed to improve safety on mezzanines and elevated work areas. Thanks to the self-closing gate mechanism, the pallet gate automatically closes the edge during loading and unloading, preventing the risk of falling from heights. Made from durable galvanized steel or aluminum, the mezzanine safety pivot gate is resistant to heavy use and harsh industrial environments. Its modular design and various size options make it easy to adapt the mezzanine gate to any workspace. Compliant with EN ISO 14122-3 standards and TÜV certified, this system guarantees long-lasting reliability. The mezzanine pallet gate Kee Pivot® combines safety, durability, and functionality for modern warehouses and production facilities.
