Price: **€19.00** gross

Manufacturer: Klemm

Referention number: AT-AK302-200

Information:

A 30x30x2 mm aluminum square profile is a lightweight and durable structural element made from 6063 aluminum alloy. The 2 mm wall thickness provides stability, and the raw surface facilitates adaptation to various projects. Ideal for building frames, cages, and lightweight aluminum structures. Its 200 cm length enables quick assembly of larger frames and support arms. Its low weight facilitates transportation and handling. The profile combines durability with flexibility for industrial and hobbyist applications.
