Price: **€9.00** gross

Manufacturer: Klemp

Referention number: AT-AK151-200

Information:

A square aluminum profile measuring 15x15x1.5 mm, made from 6063 alloy, is a compact and durable component for lightweight frames and structures. The 1.5 mm wall thickness ensures good stability while keeping the weight low at 0.46 kg. The 200 cm length makes the profile suitable for cages, frames, and light aluminum constructions. The raw surface makes it easy to adapt and fit to other components. Its lightness and strength guarantee easy assembly and handling. The profile is ideal for both industrial and hobby projects.

The size of the discount

Quantity	Discount	Spare
