Price: **€2.00** gross

Manufacturer: Klemm

Referention number: 1D2-R30X1-5-CM

Information:

Straight coupling / connector 30x1.5 mm with a metal core, made of PA6 polyamide reinforced with glass fiber. A single axis and two sockets enable stable and durable connections of tubes in lightweight frames, cages, and aluminum structures. The black color complements modular systems. Push-in installation using a rubber mallet is quick and easy. A weight of 0.1 kg does not burden the structure. Excellent for creating tube extensions and modular frames.

Dimensions: C = 5 mm; D = 49 mm; E = 49 mm
