Referention number: 1D2-V40-X2-C

Information:

Straight connector / extension / black coupling is a solid component for 40x40x2 mm profiles. Glass fiber-reinforced polyamide PA6 ensures durability and load resistance. A single axis and two sockets allow for quick and stable profile extension. Ideal for frames, cages, and lightweight aluminum structures. Assembly by insertion using a rubber mallet is quick and simple. The weight of 0.1 kg minimizes additional load on the structure.
