Price: **€4.00** gross

Manufacturer: Klemp

Referention number: 1D2-V40-X2-CM

Information:

A straight connector / extension / black coupling with a metal core ensures maximum rigidity for 40x40x2 mm profile connections. Glass fiber-reinforced polyamide PA6 guarantees high strength and load resistance. A single axis and two sockets enable quick and stable profile extensions. Ideal for frames, cages, and lightweight aluminum structures requiring additional rigidity. Installation by pressing in with a rubber mallet is simple and fast. The weight of 0.1 kg minimizes additional load on the frame.

The size of the discount

Quantity	Discount	Spare
10	2%	above €0.80
20	5%	above €4.00
50	10%	above €20.00

Product features

Material	Polyamide PA6 - glass fiber reinforced
Colour	Black
Type	Extension piece
Mounting method	By plug, using a rubber hammer
Matching profile	40x40x2 mm
Number of axes	1
Number of slots	2
Core	With metal core
