Price: **€6.00** gross

Manufacturer: Klemp

Referention number: 3D3-V40-X2-C

Information:

A 3-way corner connector for 40x40x2 mm pipes in black is a sturdy solution for lightweight aluminum structures. Made of PA6 polyamide reinforced with glass fiber, it ensures high strength and stability. Three axes and three sockets allow for easy assembly of racks, cages, or frames. Installation by insertion with a rubber mallet is quick and simple. The lightweight design (0.1 kg) does not burden the profiles, and the universal black color fits any construction. Ideal for industrial frames, modular furniture, and light aluminum frameworks.
