Price: **€6.00** gross

Manufacturer: Klemp

Referention number: 2D2-V40-X2-S

Information:

Two-axis elbow for 40x40x2 mm tubes in gray is a functional connector for lightweight aluminum constructions. Polyamide PA6 reinforced with glass fiber provides resistance to damage and stability. Two axes and two sockets allow for quick assembly of frames, supports, and cages. Plug-in installation with a rubber mallet is easy and convenient. The light weight of 0.1 kg does not burden the structure. It is ideal for modular systems and lightweight industrial projects.
