Accessories & Services

Slat Feet (Supports)

Stable and durable feet provide solid support for the entire structure, facilitating assembly and height adjustment. Compatible with all slat types – they guarantee a secure setup and an aesthetic floor finish. They ensure stability even during frequent interior rearrangements.

Black Frame for Partition Walls

An elegant black frame is an additional finishing option for both classic and rotating slat walls. The frame gives the structure a modern, bold look and allows it to match the interior style while highlighting the slat design.

Additional Services

We offer support in cutting, formatting, and drilling elements to specific dimensions. If your project requires non-standard solutions, contact us!

Form and Functionality

Ready-made walls and individual slats are a blend of design and practical solutions for interior arrangement.

- ✔ **Aesthetic Space Partitioning:** Divide zones without losing light or the feeling of spaciousness.
- ✔ **Universal Application:** Perfect for homes, offices, and commercial spaces.
- ✔ **Personalization:** A wide range of dimensions, colors, and finishes for a perfect project fit.
- ✔ **Durability & Quality:** Solid materials and precise finishing guarantee stability and long-term use.

Choose the Perfect Finish

Before making a decision, you can order product samples to check the color, texture, and quality. It's the most convenient way to perfectly match the slats to your interior.
