Why choose our connectors and tubes?

Shipping in as little as 24 hours

We ship connectors in 24 hours, tubes in 2-3 days. In case of orders on request, we provide the exact date.

Tubes longer than 3 m

We can deliver any length of tubes to any address.

600 connector options

5 types in 8 various diameters and 3 different coatings. As they say - whatever you may desire!

TÜV certified products

You can be sure that the product is safe and durable.

Cutting to length on request

At the customer's request, we cut the tubes up to the centimetre - included in the price.

Perfectly stocked warehouse

We ensure comprehensive purchasing, eliminating the need for multiple purchases and shipping charges at different stores.

90% response rate on the same day

Our team responds promptly to all enquiries. Write to us or call us!

Order more, pay less

The more products you order, the less you will pay for each one. You will see the value of the discount in the shopping basket.

Remo Stamm

Best customer service. I forgot something in my order and thus had two orders and also two shipping costs. I then wrote a message to customer service, who contacted me directly on Monday morning (before the orders were shipped) and offered to combine the two orders, thus saving me the shipping costs for the second order. The refund was also faster than any shop I have ever ordered from online (two working days). Super shop.

Christoph Chassee

A very smooth transaction! Delivery to Portugal absolutely hassle free and reliable, when DPD as courier company delayed one of the 2 orders, very quick response from Agnieszka who handled it perfectly and acted extremely fast and super sorted the issue. Great customer service and a very well deserved 5 *. Welcome to the 21st century, this is how commerce works at its best.

Senol Sözgen

Very high quality products, securely packaged, fast delivery, great prices and affordable, knowledgeable customer service, clear recommendation 6*.

Rainer Fischer

Advice at the highest level, even with specific questions, punctuality of delivery. Very stable and good quality.

David Skiba

Everything worked well with my order. My detailed questions were answered quickly. Delivery was also quicker than stated. The product arrived undamaged, of good quality and neatly finished.

Toralf Brüning

Fast delivery, high quality product - as expected, we used it to create a 550 cm long terrace canopy, just great!

Frequently Asked Questions

Do you offer a satisfaction guarantee?

Yes, we are fully confident in the quality of our products. We are committed to our customers' complete trust and satisfaction, which is why we offer a 2-year guarantee on all products.

What are the discounts in your shop?

We offer discounts for wholesale purchases. To make it easier for our B2B customers to take advantage of our services, we have created a specially designed online shopping cart, tailored to their needs. Our system automatically calculates a volume discount based on the size of the order. Next to each product you will find information concerning the available discount programmes. In summary, the larger the order, the lower the price for an individual product.

Where are the products shipped from?

Products are shipped from warehouses located in Poland, the Netherlands, and Germany.

What does "projects on request" stand for?

We are able to personalise the merchandise, which means that you will receive a product fully prepared for use. If you have doubts as to whether we are able to handle your specific requirements, please do not hesitate to contact us. We will do everything in our power to find the perfect solution for you.
